- Relocate Vending Machines to Lobby

Late April

Repairs & Prep

- Abatement
- Concrete Patching

Mid May

Installation

- VersaCourt Floor Tiles
- Dasher Boards
- Retractable Bleachers
- Upgraded sound system

Mid June

Reopening

Leonard Hall Recreation Center Renovation Project

Floor Tiles and Lines:

VersaCourt Interlocking Tiles

13,200 sq. ft. indoor tiles with noise deadening rubber vapor barrier underlayment.

Lines will be colored tiles (red, white, titanium) - no more painting wearing off

Dasher Boards

Infinity Series board system made of tempered aluminum dasher panels.

Two (2) indoor soccer goals with netting that retract at each end.

Three (3) access player gates.

One (1) 120' double-leaf equipment gate.

12' high nylon netting lining perimeter.

Dasher Board Components

RETRACTABLE GOALS

Accessibility

Provide transition with ease and netting included.

ACCESS GATES

Players

Positioned on either side of mid-field, gates will provide access for each to designated bench areas.

EQUIPMENT GATE

Improve Mobility

120' Equipment Gate allows for access for sport transition. Includes a collapsible equipment cart and a pair of hockey goals.

Bleachers

Telescopic seating available capable of accommodating up to 84 spectators. ADA compliant seats will be available.

Bleachers will be situated on the left hand-side wall when you walk into the arena.

Open areas will now be available to the right leading to the skate window providing safe and easier access for all users.

Highlights

Flooring

Multipurpose surface conducive for roller sports and indoor soccer.

Dasher Boards & Goals

Ideal for a variety of sports with ability to absorb impact.

High Netting

Manages reflective noise and safety for spectators and players.

Seating

Bleachers accessible for all spectators.

Sound System

Upgraded sound for announcements, music and events.

Improved Space

Modern design will create additional space for participants & spectators.

Best Guess
