If another authorized pick-up person is needed, please complete the Parental Consent for Camper Pick Up Form which is available at the camp site or on our website. This policy must be strictly adhered to for the protection and safety of your child.

Code of Conduct

Children are always expected to conduct themselves in an appropriate manner. Children should refrain from being verbally and/or physically abusive to others. Children should have respect for authority figures and should respond positively to guidance and direction. Persistent behavior problems may result in dismissal from the Summer Camp program.

Disciplinary procedures within the Summer Camp are guided by the type and severity of the behavioral incident as described below:

Minor Incidents

Minor incidents include, but are not limited to, name calling, horseplay, refusing to cooperate (not listening, not following rules, or not following directions), being disruptive, being rude/discourteous to adults, throwing soft

Sports Camp Parent Handbook

objects, minor destruction of property.

More Serious Offenses

More serious offenses include, but are not limited to, using abusive/profane language, throwing dangerous or potentially dangerous objects, participating in physical conflict (hitting, kicking, biting, etc.), and inappropriate social behavior. When a child does not conform to acceptable rules of behavior, the staff will discuss with the child the specific inappropriate behavior that the child has demonstrated, more appropriate behavior, and the consequences for demonstrating further inappropriate behavior. Consequences may include, but are not limited to:

- Being assigned to a “*Time Out*” area for one minute for each year of age when behavior is inappropriate. this action will be repeated if necessary.
- Loss of privileges
- Being removed from the group
- Informal or formal parent conferences
- Suspension
- Dismissal from program

Camp staff recognize that children with certain diagnoses may exhibit inappropriate or aggressive behaviors such as kicking, spitting, biting, excessive name-calling, pushing, abusive to others, etc. These behaviors may require modifications to the program including, but not limited to, special equipment, changes to routines, behavior plans, enhanced supervision, or a combination of these. However, when a child with special accommodations still infringes on the rights of others or poses a threat of imminent physical harm to children, staff, or the general public, the child may be sent home for the day or even dismissed from the camp.

Discipline Policy

Children are always expected to conduct themselves in an appropriate manner. Children should refrain from being verbally and/or physically abusive to others. Children should have respect for authority figures and should respond positively to guidance and direction. Disciplinary actions implemented and enforced by camp staff for inappropriate behavior are guided by the type and severity of the behavioral incident. Persistent behavior problems may either result in suspension and/or withdrawal from the camp program. The camp fee will not be refunded and/or pro-rated for suspensions.

Incident/Accident Reports

If by chance your child is injured at camp, an accident report will be filled out by the Camp director. This report is documentation of what occurred at camp. If the incident warrants a parent phone call, a parent or emergency contact will be contacted to discuss the incident. Parents may request a copy of the report after signing it. We as staff strive to keep a safe and enjoyable environment. We hope that all kids have a fun time at camp!

Zero Tolerance Policy

There is no tolerance regarding the participant’s conduct involving infractions that concern the immediate safety of the child, the other participants and our staff.

Child Abuse Prevention and Reporting

Individuals who are paid to supervise children in their work (such as coaches, camp counselors, teachers) are required to report all suspected child abuse or neglect. Staff and volunteers are trained on the signs and symptoms of abuse

Sports Camp Parent Handbook

and neglect and the reporting policies and procedures. These policies are always available at the camp location. All suspicions are kept strictly confidential, and staff may report confidentially to the Department of Social Services.

Water Breaks

Campers must bring their own bottle of water. Please ensure campers bring sufficient water for the duration of their daily camp. During code orange or red days staff will take all necessary precautions to ensure proper hydration for the children.

Electronic Devices

Cell phones, video games iPods, etc. are typically not permitted at camp. If a child brings an electronic device to camp, it will be confiscated until the end of the camp day. Every precaution will be taken to ensure children’s clothing and personal items will be stored properly. Camp has designated space available where children can store their belongings. It is the child’s responsibility to place items in the appropriate place. Parents should remind children to store clothing and other items in backpacks, duffel bags, etc. Recreation and Parks assumes no responsibility for lost or misplaced items. It would be most helpful if clothing and personal items were labeled with the child’s name. Parents should encourage children to keep track of their belongings and to take them home each day.

Health and Safety Issues

Insurance/Liability: Please be advised that St. Mary’s County Recreation and Parks does not provide accident or hospitalization insurance for camp participants. Parents are strongly urged to have adequate personal insurance coverage for their children. Participation in the summer camps shall be at the participant’s own risk.

Parents are required to complete a registration form which contains Emergency Information & Camper’s Health History. All forms must be filled out in its entirety prior to registration being accepted.

Emergency Information: Parents are asked to provide emergency information to the camp. It is vitally important that at least three (3) emergency contacts be given. Make sure that you have given their names and numbers to the camp director. Emergency persons should be available during the hours the camp is in session and should be within 30 minutes’ drive time to the camp. Phone numbers should be accurate. Parents should inform those persons whose names have been given to the camp as “emergency contacts” and discuss responsibilities they might have. **The camp staff must be informed of any changes in the emergency information.**

Medication:

- All medications, both prescription and over the counter, must have a medication order form completed by the parent and physician. Forms can be found on our website <https://www.stmaryscountymd.gov/recreate/camps/>
- There must be written authorization for a child to self-administer or self-carry emergency medication.
- The medication must bear a label showing the physician’s name, child’s name, reason and directions for administering the medicine. This includes asthmatic inhalers. Over the counter medicines will not be administered unless accompanied by a doctor’s written note.
- All medication (prescription and non-prescription) must be in the original container and turned into the coach upon arrival at camp unless authorized to self-carry.

Accidents: Parents will be asked to complete emergency information at the time of enrollment. If an accident should occur, prompt medical attention will be sought, and parents will be notified immediately. Parents will receive an Accident Report Form.

Note: Camp staff have a responsibility to ensure the safety of each child. This is especially true for adults who are under the influence of alcohol when they come to camp to pick up a child. Staff will make every effort to contact “other” parent and/or emergency contact person. In extreme cases the staff may be obligated to contact local police to inform them of the matter.

Concussion Awareness

A concussion is a type of traumatic brain injury, or TBI, caused by a bump, blow, or jolt to the head that can change the way your brain normally works. Concussions can also occur from a blow to the body that causes the head to move rapidly back and forth. Concussions can occur in any sport or recreation activity. A concussion can have long term impacts on young athletes such as their health, memory, learning and even their survival. This has led to a new effort to improve prevention, recognition and response to sports-related concussion.

To help ensure the health and safety of young athletes, Recreation & Parks created an awareness

Sports Camp Parent Handbook

campaign to offer information about concussions to coaches, parents, and athletes involved in youth sports.

The following are a list of symptoms that may suggest a concussion has occurred.

- Headache
 - Confusion
 - Difficulty remembering or paying attention
 - Balance problems or dizziness
 - Feeling sluggish, hazy, foggy, or groggy
 - Feeling irritable, more emotional, or “down”
-
- Nausea or vomiting
 - Bothered by light or noise
 - Double or blurry vision
 - Slowed reaction time
 - Sleep problems
 - Loss of consciousness

What To Do If You Think a Concussion Has Occurred?

1. Seek medical attention right away

A health care professional will be able to decide how serious the concussion is and when it is safe to return to play.

2. Do not return to play until medically cleared

Concussions take time to heal. Don't return to play until a health care professional says it's OK. Return to practice is permitted only once staff receive a written release from a health care professional.

Children who return to play too soon while their brain is still healing risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting the injured student-athlete for a lifetime.

3. Inform all coaches about any recent concussions

Coaches should know if an athlete has had a recent concussion. The coach may not know about a concussion in another sport or activity if he or she is not informed by the parent, guardian or athlete

Maryland Youth Sports Concussion Law

Md. HEALTH-GENERAL Code Ann. € 14-501 (2012)

Annotated Code of Maryland

Online Resource: www.myheadfirst.com/the-law-coaches

(c) Removal from play; written clearance required for return to play. –

(1) A youth athlete who is suspected of sustaining a concussion or other head injury in a practice or game shall be removed from play at that time.

(2) A youth athlete who has been removed from play may not return to play until the youth athlete has obtained written clearance from a licensed health care provider trained in the evaluation and management of concussions.

Physical & Verbal Abuse Policy

The St. Mary's County Recreation & Parks Department strives to promote the ideals of teamwork, physical conditioning, sportsmanship and acceptable social behavior at all sporting related events. It is imperative that participants and spectators alike ensure an environment that will provide these ideals. Therefore, any unsportsmanlike conduct, including, but not limited to, fighting, verbal abuse or racial and gender epithets involving fans, coaches, players will not be tolerated.

Please visit <https://www.stmaryscountymd.gov/docs/physicalverbalabusepolicy.pdf> for Physical & Verbal Abuse Policy details.

R&P Camp Staff

Every employee has had a criminal background check. A significant number of staff at each campsite is certified in First Aid/CPR. Seasonal hires include public school system staff, college students, and high school graduates. Staff will also be current or former head coaches at either the collegiate or high school level.

Sports Camps are staffed at a 1:10 ratio minimum.
