Attendance:
AAB Members
Chuck Stickney - Present
Don Sheehan - Present
Adam Osborne - Present
Matt DiMarco - Present

Adhoc
-Doug Dickens, Naval Test Wing Atlantic Safety

County Government Members
John Norris III
Allison Swint

Public

Call to order: Time: 1801
Determination of Quorum: Established

Chairman Comments:

- -NHK Course Rules brief was good but not well attended. Inquired in how St. Mary's County can echo a NAS Patuxent River NOTAM which temporarily closes the relaxation of restricted area sharing between R-4007 and airspace immediately south of 2W6 for UAV operations.
- Review SOP, Standards and provide input for a 2W6 website.

DPWT Report:
-Airport master plan expected to start in 9-12 months.
-RWY closed 22 June for last major pavement project prior to total repaving.
-RWY 11 approach: Possibly found where it was "stuck" in the FAA system and believe it is moving forward.
-PAPI was certified and is now operational.
-Taxiway lights are still down due to regulator. They were supposed to be up in May
-Aviation Day Proclamation Meeting during the Commissioners Meeting on August 18th, 09:00.

FBO Report: NTR

Pax Air Ops: NTR

Old Business:
Approve 27 Apr Minutes - Stickney motioned / Sheehan seconded. All in favor.

New Business: NTR

Next meeting will be held at 6:00 PM, 24 Aug at the Duke Terminal, St. Mary's County airport

Public Comments: None

Request to adjourn: - Stickney motioned / Sheehan seconded. All in favor Time: 1839
