

June 3, 1958

Ed Whalen of Charlotte Hall came in about his road-he was advised that it is necessary to have a 40 ft R/W for the County to take over a road.

Dr. Houser came in to hold meeting of the Board of Health. He discussed the POLIO matter, and advised that children have been innoculated about 90% but adults under 40 have not been. BUDGET he asked if Commissioners desired to continue sending salaries to Baltimore for their disbursement. He was advised they would continue as heretofore. PLUMBING CODE he feels there should be a plumbing Code for the County.

State Roads Commission

Geo and Eliz Dixon of Abells, Md., ask that ditches be cleaned out at entrance to their property, 235 ft from Main road- bus cannot turn here. Mr. Guy and Mr. Bond will see the road -if ditches can be cleaned and culvert installed. Report at next meeting.

Richard Wyche- Charlotte Hall asks that old County road which has not been kept up for some years be repaired R/W goes to the old Watson place. There is some question as to whether or not it is in the County roads system- Unless road is repaired tenant cannot use farm next year. Mr. Bond will see if this is County or private road.

Sign at Mill Cove-"dangerous curve" SRC has none of these signs- one to be secured from State Use Industries.

Take up matter of salary of Justice of the Peace Clarence Dodge.

*for Fed aid*  
Mr. Duncan came in with Mr. Bond, and talked about the Bulkhead at 7 Gables Hotel Plans and specifications are now ready to be turned over to the Commissioners for bids for this work if the Commissioners want to go ahead now with this work. The road is not a Secondary road, but Mr. Duncan may be able to get it in that system, but it will require some time. If the Fed Govt takes this over as a Secondary road matter they will pay  $\frac{1}{2}$  the cost, but will demand a proper inspection Mr. Duncan will ask Mr. Fred Gleason to look over the job and see how expensive it will be, can be started by spring of 1959 if Bureau of Pub. Works takes it. This should be cleaned up by spring as the road is used by the Govt for transportation to the Naval base.

Bridge at St. Andrews Ch road- is a secondary matter. Mr. Duncan will also ask Mr. Gleason to look over this matter as the bridge the SRC plans is a tremendous one but all feel a small bridge would be ok

Oiling program Mr. Duncan advises he lacks funds to do this work, and County is in a similar position

12 year road program was discussed and copy of roads desired sent to Mr. Duncan and Mr. Bond.

Mr. Smith for the Registered Plumbers of the County requests a meeting with the Board on June 10 at 2:30 pm

Board adjourned at 4 pm

approved

*Leonard S. Alvey*  
president.
