Maryland Agriculture Land Preservation Foundation Now Accepting Applications

LEONARDTOWN, MD – The Maryland Agricultural Land Preservation Foundation (MALPF) Program is now accepting applications for the Fiscal Year 2027 Easement Cycle.

Eligibility requirements include a minimum of 50 contiguous acres, land outside of the 10-year water and sewer plan for the county, and a minimum of 50% Class I, II or III soils. For more information on eligibility and the MALPF easement acquisition process, visit <https://mda.maryland.gov/malpf/Pages/Fact-Sheets.aspx>

The mission of MALPF is:

- to preserve productive farmland and woodland for the continued production of food and fiber for all of Maryland's citizens,
- to curb the expansion of random urban development,
- to help curb the spread of urban blight and deterioration,
- to help protect agricultural land and woodland as open space,
- to protect wildlife habitat, and
- to enhance the environmental quality of the Chesapeake Bay and its tributaries.

MALPF purchases agricultural preservation easements that forever restrict development on prime farmland and woodland. The State of Maryland has preserved in perpetuity more agricultural land than any other state in the country. Over 16,320 acres has been preserved using MALPF easements in St. Mary's County.

To view the application and apply, visit <https://mda.maryland.gov/malpf/Pages/Forms.aspx>.

All applications must be submitted by May 15, 2026, to the St. Mary's County Program Administrator Sydney Garner, Agriculture & Seafood Manager with St. Mary's County Government's Department of Economic Development. Please contact Ms. Garner at (240) 309-4021 or Sydney.Garner@stmaryscountymd.gov with questions or for additional information.

Submitted applications will be reviewed and ranked by the St. Mary's County Agriculture Land Preservation Advisory Board, using the state mandated Land Evaluation and Site Assessment system. The ranked applications will be submitted to the state for consideration.
